VETERAN'S AID AND ATTENDANCE PENSION BENEFITS

Long-Term Care Benefits Available for Veterans!

Senior Wealth Solutions, LLC is proud to help senior veterans and their surviving spouses access their disability pension including Aid and Attendance Pension benefits from the U.S. Department of Veterans Affairs. This benefit is for Veterans and/or their surviving spouses who reside in long-term care communities.

Senior Wealth Solutions, LLC works with long-term care providers that cater to Veterans to help them navigate the complicated and often exasperating process of applying for and maintaining a VA pension benefit.

The VA Aid and Attendance Pension is designed to provide qualified veterans and their spouses with financial benefits outside the traditional VA residential system. This pension benefit, which was established in 1952 under Section 38 USC, provides a direct monthly pension to help Veterans and their spouses defray the costs associated with their long-term care.

ELIGIBILITY REQUIREMENTS

- If you are a Veteran or the surviving spouse of a Veteran who has served at least 90 days or more on active duty with one day beginning or ending during a period of a war, and you are in need of assistance due to your disabilities, you may be eligible for a VA non-service connected disability pension.
- You must have a medical condition indicating that you are in need of assistance from others in order to live a quality life including, but not limited to, the following:

Walking
Bathing
Dressing
Meal Preparation

Getting Out of Bed
Laundry/Housekeeping
Shopping
Transportation

Making Telephone Calls
Obtaining Appointments
Protection from the
Hazards of Daily Life

There is a cost of care and income test of which Senior Wealth Solutions, LLC will advise you.

So what does this mean to you, the average Veteran or Veteran's surviving spouse?

First, access of your benefits through this system provides you with access to care. With a pension in-hand, you are able to afford the care you need and deserve.

Secondly, you have choice. You have the power to select the services you need as well as the provider that meets those needs.

Thirdly, the pension is dependable. Like Social Security, the pension will always be there for qualified beneficiaries, and is paid directly to you by the U.S. Department of the Treasury.
